

Executive KPI & Performance Dashboard

Enterprise | Detailed portfolio case study | Synthetic data

Executive summary

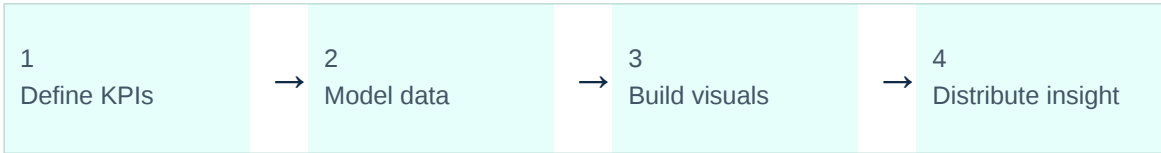

Defined a KPI framework and delivered an executive dashboard with drill-through and exception monitoring.

24 executive KPIs	8 business units	60% faster reporting	12 automated alerts
----------------------	---------------------	-------------------------	------------------------

Business challenge

Leaders lacked a consolidated view of performance, trends, exceptions and accountable actions.

Solution architecture

Dashboard mockup

PORTFOLIO DASHBOARD	24	8	60%	12
	executive KPIs	business units	faster reporting	automated alerts
	□□□□□	●●●○	▲ 12%	Status: Review

Illustrative dashboard wireframe. Values are synthetic.

Delivery approach

Inputs	Finance data, Operations data, Project logs, Targets
Technology	Power BI, SQL, Excel
Deliverables	• KPI dictionary • Semantic model • Executive dashboard • Drill-through pages • User guide

Key considerations

The design prioritises traceability, clear definitions, appropriate human review, data quality and proportionate monitoring. Any production implementation would require validation against the organisation's data, operating model, policies and applicable requirements.

Portfolio note

This document uses generated data and representative scenarios. It contains no client-confidential information and does not make claims about actual production outcomes.
